**BUSINESS SIMULATIONS**

## PROGRAMME OVERVIEW

Business Simulations have a very strong relevance in teaching methodology in B-Schools in modern times. A designed business simulation has the power to combine both the operational and behavioural attributes of future managers. Learning through simulation provides opportunity to experiment with new concepts in an enjoyable and yet risk-free environment.

The simulations create opportunity to develop high performing teams and offer a great deal of flexibility in managing the process.

## ABOUT BIZWIZ LEARNING

The team of experts from Bizwiz Learning is available to support you through the process of choosing and designing your simulations programme right from the start. Simulations are designed to enable experiential learning, cross functional relevance, continuity between learning modules, develop team work and far better conceptual clarity for participants. It also entails faculty development to meet out future challenges.

Bizwiz are “a Professional skills learning platform” by using experiential learning tools in the areas of business and management. We provide interactive courses, workshops, competitions, simulations, live Mentoring and industry trips to upskill individuals and has been used by thousands of students. Our products and services have been used by WalMart, Maruti, ONGC, Power Grid, SBI, IIMs IITs, CRPF Schools, GIZ, Plan India, Startups, Incubators etc. They have world’s most sought after accredited certification courses such as CFA, OMCP, PMP, ISTQB, Niesbud etc. guided by our Mentors/Trainers who are Mentors of IIT /IIM/ Ivy League or Industry Professionals. The objective is to empower human potential through experiential learning.

## ABOUT LEARNBIZ SIMULATIONS

LearnBiz Simulations, Powering this program as a Knowledge Partner, is a Simulations and assessment firm, specializing in the domain of Business Simulation Games. Our wide array of games, based on various subject principles, help you test and reinforce your class room learning by creating a simulated competitive environment. You become leaders and management executives of large firms and make decisions, giving a tough time to your peers and having fun all the way!
