

Announcing Atal Incubation Centre – BIMTECH

We are pleased to announce that the college is the first academic institute to get grant as “ Atal Incubation Centre “ and was selected out of 3658 applicants.

BIMTECH has been selected to set up the "**Atal Incubation Centre - BIMTECH**" with the support of **NITI Aayog, Government of India**. The objective of the Atal Incubation Centre - BIMTECH is to create high class incubation facilities with suitable physical infrastructure in terms of the equipment and operating facilities coupled with the availability of sectoral experts for mentoring the start-ups so that innovators and start-up businesses can become successful entrepreneurs and enterprises.
