Best Researcher Award

In line with the decision on Best Teacher Award, it is suggested that, with effect from the academic year 2020-21, two research awards be instituted; one the Best Researcher Award and the second the Runner-up Award. The amount for the best researcher award be revised to Rs. 2,00,000 (rupees two lakhs only) and that the amount for runner-up be fixed at Rs. 1,00,000 (one lakh only).

For approval please.

Dean (Research)

Director

BIMTECH Best Researcher Award

Purpose:

The purpose of the award is to honour excellence in research and/or creative scholarly activities at BIMTECH.

Award:

The Award, which will be given annually, will consist of a cash prize of Rs. 1,00,000/- (One Lac only). A master plaque listing the name of award recipients will be displayed in a prominent place on campus. The award will be presented annually during Foundation Day.

Award Responsibilities:

Award recipient willbe asked to make a faculty presentation on their research and to participate in research/doctoral colloquia from time to time and hold research seminars/workshops/conferences. They should be 'global thought leader' in the making as per our Mission 5.

Eligibility:

Any member of the participating faculty (AACSB) with a continuing appointment at BIMTECH is eligible for the award. Previous recipients of the award will be ineligible for the same award for a period of two years.

Nominations:

Faculty members may not apply for the Award on their own behalf. The process will be initiated by the office of Dean (Research) by collecting MIS data on research from Registrar's office for the academic year in consideration.

Criteria:

This award is given to an individual who has made an all-round contribution to research during the time of his or herappointment at BIMTECH. Those who left the organization during the academic year in consideration will be ineligible for the award. The faculty scoring highest in the research component based on the data available with various monitoring centers and MIS will be declared the best researcher of the year. A minimum of *100work units*in research section of PES should be scored to be eligible for award.

Process:

The processing or award (Annexed) is broadly based on the parameters of research in PES. The deadline for various processes is given below:

Data from Monitoring offices &MIS	July 31
PES Verification	August 16
Placement before Committee	August 31
Committee's Recommendation to the Director	September 7
Announcement of Best Researcher of the Year	September 15
Award & Facilitation	October 2
